PROBIOTIC PEA YOGURT-TYPE DRINK

Key Ingredient Facts

NUTRALYS® Pea Protein

- Nutritious and sustainable source of plant protein from the yellow pea
- Not a major allergen¹ and non-GMO²
- Helps supports muscle mass development³
- Helps fill you up³
- Helps moderate glucose peaks and dips³
- Gluten-free, kosher and halal certified

Key Benefits for Probiotic Pea Yogurt-type Drink

NUTRALYS® S85F

NUTRITIONAL

- Premium quality pea protein isolate (85% protein on D.S.)
- 97% digestible
- 8.7g Arginine and 8.2g Leucine per 100g protein (Nx6.25)
- Allows to reach a higher protein level (+30%, on average) than conventional dairy-based drinkable yogurt

FUNCTIONAL

- Easy-to-use: good dispersibility for easy hydration
- Emulsifying properties minimizing the use of stabilizers
- Suitable for heat treatment
- Contributes to creamy texture and consistency

SENSORY

- Light taste for a similar indulgence as conventional dairy-based drinkable yogurt
- Pairs well with peach for a delicious taste

Detailed recipe: GDAIFER003

¹Pea is not listed among major allergens and intolerant agents in EU (Annex II Regulation 1169/2011) neither in the Codex list of allergens to be labeled (Codex Stan 1-1985 (Rev. 1-1991) - §4.2.1.43). Due to a few rare reported allergic reactions with pea (and their derived products), we strongly suggest to our customers to list the botanical origin of their pea derived products in their ingredient statement. ²According to Regulations (EC) No 1829/2003 and No 1830/2003. ³NUTRALYS® health benefits are supported by one single clinical study. Food manufacturers who would like to use NUTRALYS® pea protein for these benefits will have to run their own studies based on their own formulation.
